

QR Payment & Multi-Site Dashboard

Pricing and features for self-service car wash operators

A QR payment and reporting system for car wash operators who want easier customer payments, clearer site performance, and simple tools for promotions and loyalty.

Pricing

Package	Price	Includes
Pilot site setup	£799 one-off	One location set up for QR payments, reporting, bonus offers and dashboard access.
Monthly per site	£199/month	QR payment page, dashboard access, reporting, support and updates.
Multi-site rollout	From £149/site/month	Site-level reporting and grouped performance visibility for multiple locations.
Group dashboard	From £399/month	Head-office view across sites, revenue, busiest hours, payments, bonus performance and alerts.

Partner Commission

Option	Commission	How it works
Referral only	20% of setup fee	Paid when a referred operator signs up and pays the setup fee. Example: £159.80 on a £799 setup.
Ongoing partner	10% monthly for 12 months	Recurring commission on the monthly subscription for the first 12 months of each referred customer.
Multi-site introduction	Custom agreement	For larger operators or network introductions, commission can be agreed based on number of sites and support required.

Features

Feature	Benefit
QR payment pages	Customers can pay from their phone at each bay or site.
Multi-site dashboard	Operators can view performance across locations from one dashboard.
Bonus credit offers	Example: pay £5 and receive £6 total wash credit.
Loyalty rewards	Example: 5 paid washes can unlock 1 free wash.
Revenue reporting	Track today, week, month and all-time payments.
Projected revenue	Estimate likely end-of-day revenue from current activity.
Recommended bonus packs	See which offer is performing best and choose manual or automatic mode.
Failed-start visibility	Help identify cases where payment succeeds but the wash does not start.
Remote setup	QR pages, dashboard and printable QR codes can be prepared remotely.

Customisation

The system can be customised around the operator's existing setup, including branding, payment flow, loyalty rules, bonus offers, staff access, multi-site controls, reports, customer messages and integrations.
